

## LE RÉSEAU FROID

The 'Réseau Froid' network gathers all VINCI Energies companies specialized in design, manufacture and maintenance of HVAC installations in industrial and commercial refrigeration.

The 'Réseau Froid' network gathers all **VINCI Energies** companies specialized in design, manufacture and maintenance of HVAC installations in industrial and commercial refrigeration. These companies combine their expertise to provide specific solutions to each project in France and abroad.

The HVAC Network has its own training center dedicated to the business of refrigeration. The center, which is aimed at VINCI Energies employees and customers in the group has already received nearly 300 trainees.

The HVAC Network is composed of:

- ✓ 12 companies specializing in industrial refrigeration and commercial refrigeration
- ✓ 29 locations in France
- ✓ 450 employees
