Our business

Our business is the temperature and air treatment management from the installation design to the after-sales service. We work in France and abroad in activities using cooling or air control in their process:

- ✓ Of manufacturing
- ✓ Of preservation,
- ✓ Of culture
- ✓ Of storage
- ✓ Of air conditioning,

Such as planting, agri-business, logistics and industry.

The installations have centralized management with possibility of remote control including traceability.

Teams with very technical skills:

- ✓ Positive or negative cold (HFC,- NH₃-CO₂, brine)
 - ✓ Controlled atmosphere (O₂-CO₂- C₂H₄)
 - ✓ Hygrometry
 - ✓ Air treatment and filtration
 - ✓ Climatic engineering
-

Our vision

Our business is based on the installation and maintenance of equipment and the cold air treatment. Continue to monitor the latest technological developments, we are your partner for the design, construction and installation of your 7/7d-after-sales service.

The quality of our expertise and our commitment to customer satisfaction are for over 30 years, our reputation in France and abroad.
